DEDICATION

We, the class of '81 wish to dedicate this yearbook to the future of both Baltimore as a city and pharmacy as a profession. We feel that the growth of the inner harbor signifies a bright future for our city, while the emergence of our new facility symbolizes the great strides occurring in our profession. It is our hope that these outward symbols of progress will be matched by personal growth — both by the citizens of Maryland and by pharmacists as a whole.

DEAN'S MESSAGE

This is the age of communication, and we tend to accept as very commonplace, accomplishments that were unheard of even a decade ago, as witnessed by the transmission of television pictures over millions of miles of space from Jupiter and Saturn. Within our own profession the need for improved communication skills has been stimulated by the need to provide drug information to other practitioners and to the public. We tend to emphasize speaking and writing as major parts of those skills, but Chancellor Farmer recently cited another one — listening.

Too often we respond without really hearing what is actually being said. As a new graduate it will be important for you to hone in to that skill; to listen carefully to the patients with whom you deal, to clearly delineate their needs, to listen to those around you in your workplace, to maintain smooth relations with your employees or employers, and to listen to your colleagues throughout pharmacy and medicine to allow your growth as a professional.

CLASS OF '81

History

Class of '81 history as told in the song *"Crammin' my Life Away,"* written by AZO fraternity members and sung to the tune of "Drivin' my Life Away."

Well, I started out third year, gung-ho in high gear.

But I had to keep crammin'.

Quant lab, biochem,
Crammed them all
Havin' no time . . .

Knapp's crap . . .

Aliquots,
Triturate,
and
Levigate

Blew my grade on *six figs* —
When it came to the first quant test.
Still, I had to keep crammin'

Oh, I'm crammin my life away
Workin' on a set of A's for me
Oh, I'm crammin my life away
Workin on a set of A's.

Well, I came back 4th year
Wondrin' why I'm still here

Tried to cram it
into my head

But it all was such **BULL SHIT**

Glad I'm not a PharmD

Antibio, and all that crap from micro,
Crank it in, spit it out, *what a waste*

He was such a turkey.

Comin' back for June tests

Oh, I'm crammin' my life away
Hopin' for a better grade, *fat chance,*
Oh, I'm crammin my life away
Thinkin' there's a better way.

Here I am 5th year
Can't believe I'm still here

PharmD, SOB, PND . . .
Passin no tests, Gotta take retests,

Latex
Koromex

Saran
wrap
and
kinky
sex

Keepin' perfect
rhythm doesn't
count . . .

when you're getting
it on . . .

Oh, I'm crammin' my life away
Prayin' for a passing grade
For me . . .
Oh, I'm crammin' my life away

WAITING FOR COMMENCEMENT DAY!!!

But it sure beats crammin.

Scodae is a group of student volunteers. We provide information about drugs of abuse to anyone who will listen, including school teachers, PTA groups, City Jail Inmates, and especially school children. We have done programs for schools from Sidwell Friends in Washington to the Park School in Ruxton; from Poolesville to Lothian; from East Baltimore (Patterson Park) to West Baltimore Middle School to north Baltimore (Loch Raven Jr. High). SCODAE covers the state, to the limit of our resources!

In a less ambulatory way of disseminating drug information we answer questions phoned or written to us. This year, questions have dealt with topics from the detection of oxycodone in urine to the possible presence of aspergillus on marijuana.

In addition, SCODAE publishes *PharmAlert,* a technical newsletter for health professionals which is distributed to all pharmacists in the State and to a number of out of state subscribers. Circulation is now more than 6000. Allen Novak, a SCODAE alumnus and Don Lewis edit this publication.

Alpha Zeta Omega is a mixed fraternity consisting of both graduate and undergraduate members. On the undergraduate level fraters have participated in a number of activities in the past year. For the fall SAPhA Coffeehouse, members composed and performed the song "Crammin' My Life Away." At the Rho Chi Olympics, AZO took the Gold in the Pouring Competition and the Bronze in Capsule Packing. The social activities at members' homes have included several informal parties, two picnics over the spring and summer and a pot luck gourmet dinner. In addition to the monthly on campus meetings, several evening meetings were held at members homes. For fundraisers the fraternity has been involved in bake sales and a 50-50 raffle to benefit the City of Hope Research Facility. This year's fall rush was held at the Baltimore General Dispensary. Undergraduate members also participate in graduate chapter functions such as Sunday Brunch Meetings, Continuing Education Seminars, and Evening Dinner Meetings.

PHI DELTA CHI

In the past four years, Phi Delta Chi has become the largest and one of the most influential organizations on campus. The members attribute their success to good leadership in conjunction with the strong fraternal spirit exhibited by each brother. Each of the following members has contributed to Iota's accomplishments:

The class of 1981 and the School of Pharmacy congratulates Mrs. Kennedy on her retirement and bids her a warm farewell. Mrs. Kennedy devoted many years of service to the School of Pharmacy and was always friendly and helpful to faculty and students alike. Mrs. Kennedy was the mainspring behind student admissions, preregistration (She always made sure we signed up for the right courses), and the many other activities and business of the school. If we ever had any questions about school functions, activities or business, we always knew that Mrs. Kennedy would know the answer.

The class of 1981 and the School of Pharmacy wishes Mrs. Kennedy a happy and healthy retirement. We would like to let Mrs. Kennedy know that she will not be soon forgotten and that in years to come when we reminisce about our pharmacy school days, she is certainly one of the persons who will be remembered.

THE ALUMNI ASSOCIATION

CONGRATULATES THE 1981 GRADUATES

AND URGES THEM TO SUPPORT AND PARTICIPATE IN *THEIR* ASSOCIATION

The MPhA has been your next door neighbor during your three years in pharmacy school. But unlike your formal academic experience, your involvement with the Maryland Pharmaceutical Association can and should continue to grow in the years ahead. MPhA is **your** association that represents the profession within the state. If you are serious and concerned about the future of pharmacy, we urge you to remain active in the association. You are always welcome to visit the Kelly Memorial Building and share a cup of coffee.

CONGRATULATIONS!

from your colleagues in the MPhA.

Leslie —

It seems that only yesterday that pints and quarts were hard for you to grasp and telling time was so confusing. High School brought with it more exciting subjects such as chemistry and physics. Then college came and you were on the road to what you've always wanted to be — a pharmacist. We teased you a lot but we always knew that the kid with the pills in her eyes would succeed.

Love,
Mother, Dad, Roberta
and Valerie
